

## Our Wine Region

Each winery crafts its own distinctive style, each individual personality fashioning bespoke tastes, textures, and experience.

Families are the custodians of the regions two dozen or so vineyards. Theirs is a labour built from love, a love of their calling, a love of the earth, a love of the pleasure their bounty bestows.

From the classics of Chardonnay, Cabernet Sauvignon, Shiraz, and Pinot Noir to the open mindedness of Gamay, Muscat, Nebbiolo, Sangiovese and Tempranillo and of course the aromatic whites Riesling, Roussanne and Viognier.

## Beechworth Vignerons

The Beechworth Vignerons have carved a reputation for producing wines of global significance.

Whilst winning medals and gaining international recognition are truly welcomed the Beechworth Vignerons remain grounded to their craft, driven to perfection, committed to collaboration and unconditional in maintaining their independence.

## Oenophilia; a love of wine

The world's great wine regions have a hypnotic quality, a quality that amplifies the senses, allowing the imagination to control fleeting moments.

Experiencing Beechworth's wine domain inflames these feelings; intensifying the sensations of smell, taste, feel and vision.

Unfolding from the peaks of the Victorian Alps, the undulating hillside altitudes linked by cavernous cutting valleys produce the perfect harmony of topography, ancient geology, season, light, temperature, and terrain for the Beechworth winemakers to indulge their artistry.
